

# ROYAL OAKS

Royal Oaks Country Club in Dallas, Texas, renowned for its lush green fairways and impeccable landscapes, owes much of its reputation to the exceptional skills of its superintendent, K.D. Davis. His dedication to nurturing the club's turf, managing his staff, and upholding the highest standards of golf course maintenance has transformed Royal Oaks into one of the best courses in the State.

K.D. Davis's expertise in grass management is the cornerstone of Royal Oaks' pristine playing surfaces. Through careful selection of grass varieties, meticulous soil analysis, and a deep understanding of local weather patterns, Davis has consistently maintained fairways and greens of exceptional quality. His ability to adapt to changing seasons, employ effective irrigation techniques, and employ sustainable practices has resulted in greens that are not only visually stunning but also incredibly playable.

Effective staff management is equally critical to the success of any golf course, and K.D. Davis shines in this aspect as well. His leadership style is characterized by clear communication, a strong work ethic, and a genuine passion for the course. Under his guidance, the Royal Oaks grounds crew is a well-oiled machine, operating seamlessly to maintain the club's exceptional standards.

Davis fosters a culture of teamwork and excellence, ensuring that each member of his staff understands their role and its importance in delivering the best golfing experience possible. His ability to motivate and inspire his team has created a dedicated workforce that takes pride in their work, evident in the club's immaculate landscapes.

Through his unwavering dedication, K.D. Davis has ensured that Royal Oaks remains a golfer's haven for generations to come. KD is a great friend / team mate and I feel he is very deserving to be considered for this award.

Sincerely,

Dean Larsson
